

HOW TO USE

My Mini Schedule

Use this board to show a small part of the day. Choose up to three cards and move each one to All Done when it is finished.

Keep it simple, calm, and predictable.

STEPS

Print the board and icon cards.

Cut out the icon cards.

Laminate the board and cards if you want them to last longer.

Add velcro dots or reusable adhesive to the cards and board.

Choose up to three TO DO cards for this part of the day.

Say: "Here are the three things we will do."

When a card is finished, move it to ALL DONE.

Keep the finished cards in ALL DONE so your child can see what is complete.

Use the board again for morning, after school, bedtime, or small routines.
