Now Next Later Board

Use this board to show what is happening now, what comes next, and what will happen later. Keep it simple, calm, and predictable.

STEPS

Print the board and icon cards.

Cut out the icon cards.

Laminate the board and cards if you want them to last longer.

Add velcro dots or reusable adhesive to the cards and board

Choose one NOW card, one NEXT card, and one LATER card.

Say: "Now __, Next __, Later __."

When NOW is finished, move the NEXT card to NOW.

Add a new NEXT or LATER card when needed.

Use the board again whenever the plan changes.
